MIDDLE SCHOOL EDUCATION SERIES

WHAT DO I STAND FOR?

The Values Clarification Activity invites students to explore their beliefs, values, and their willingness to take action with transportation and the environment as the central theme. The purpose of the activity is to empower students to consciously make a difference in their world by being aware of their own views. They actively hear the perspectives of others, discuss positive role models, and take a proactive stand for their beliefs. Facilitators encourage a safe environment for students to explore their personal values and the choices they make.
