The Green Ways to School Campaign and SchoolPool Marin are programs offered by Transportation Authority of Marin's Safe Routes to Schools program with support provided by a generous grant from the Marin Community Foundation as part of their Climate Change Initiative and in partnership with the Marin County Office of Education.

Find Your Green Way to School

If you live close-by

- Walk or bike

If you live too far away

- Carpool with one or more other families to school
- Park about ¼ mile at a secure location and walk the rest of the way
- Use the bus (if available)

If you must drive all the way

- Drive carefully and watch for children
- Turn off your engine - don't idle.

Teaching your child how to walk/bike to school builds confidence and keeps them physically fit.

Carpooling to school decreases traffic at our school and pollution in the air.
