Pedestrian Barrier
Site Plan
Town of San Anselmo

January 2014

Sir Francis Drake Boulevard
- Install a barrier between the sidewalk and roadway on the south side of Sir Francis Drake between Sierra Drive and Butterfield Road.
- Widen existing sidewalk to be ADA-compliant
- Install ADA-compliant curb ramps at Sir Francis Drake and San Anselmo Ave.

Residents have installed signs to slow motorists
Very little space separates pedestrians from motorists
The Alameda Route
Site Plan
Town of San Anselmo

Sir Francis Drake and Tamal Road Intersection
Site Plan
Town of San Anselmo

January 2014

- Retime existing traffic signal to split phase timing, which will include a lead pedestrian interval.
- Construct four ADA compliant curb ramps.
- Reconstruct sidewalk at existing crosswalks to be removed and install pedestrian barricades.
- Refresh existing white transverse crosswalks on Tamal Ave and San Francisco Blvd.
- Stripe new white transverse crosswalk on Sir Francis Drake Blvd that will connect aligned corners of intersection.

ADA compliant curb ramps will be constructed as part of the improvements.
San Francisco Boulevard Sidewalk and Crossings Site Plan
Town of San Anselmo
