Engineering Plan

Walkabout

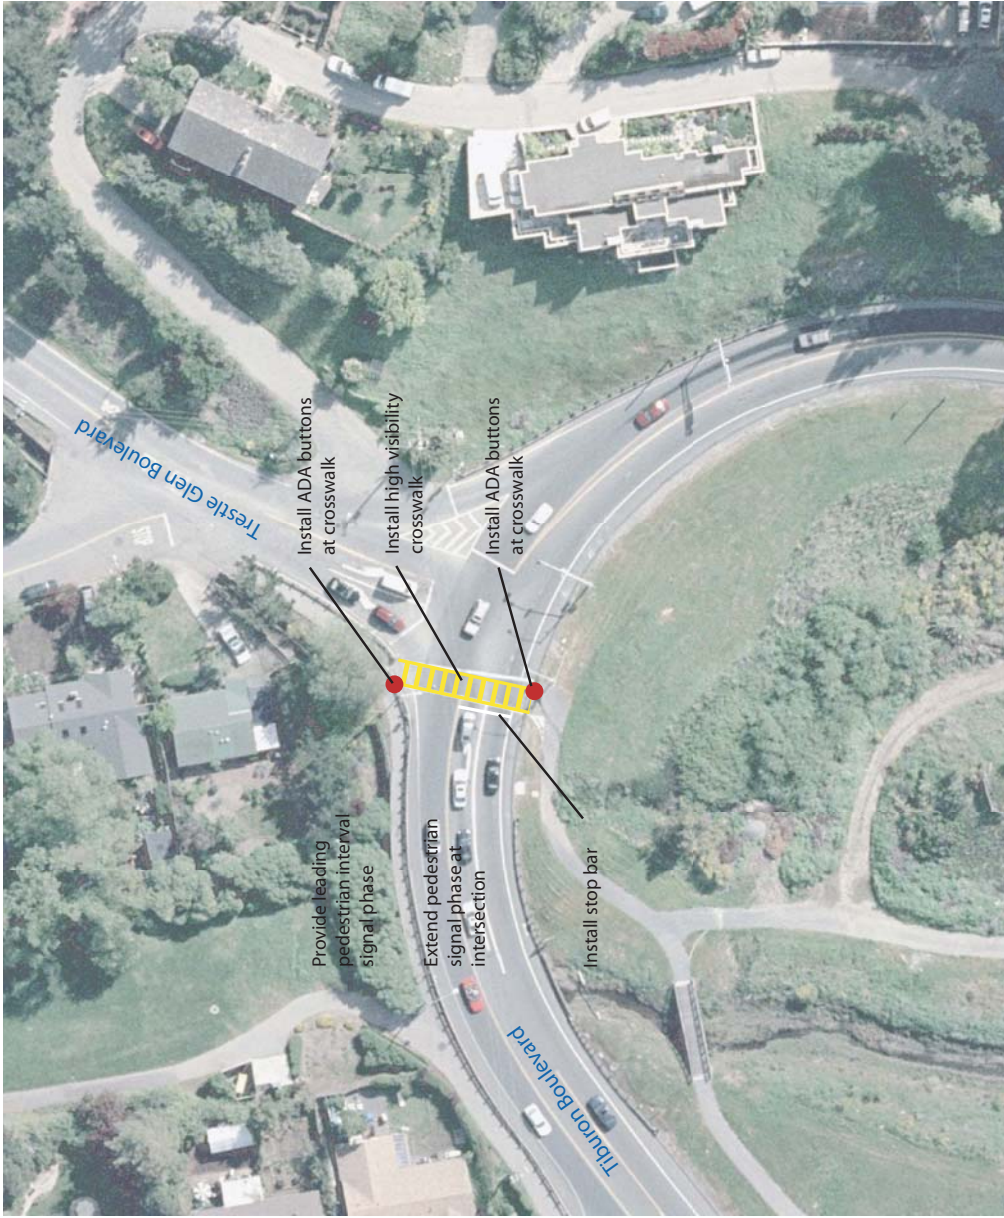

A walkabout was held at the Del Mar School on XXX. Issues identified during the walkabout focused on the Pine Terrace Pathway adjacent to Tiburon Boulevard.

Design Concepts

Based on the walkabout and Task Force meetings, a series of Design Concepts summarized briefly below, were prepared. The subsequent pages show these concepts in more detail.

Proposed Pathway Improvements

On Pine Terrace Pathway, install a new asphalt path and retaining walls to make ADA accessible. Additionally, install a new asphalt overlay over existing path, grade the existing slope and add drainage swales.
